**VOLUNTEER SERVICE PROGRAM**

YFU ARGENTINA

## WELCOME TO ARGENTINA'S VOLUNTEER SERVICE PROGRAM!

This is a semester or year program where you will be at a local NGO in Mendoza, La Rioja, Tucumán, Misiones, among other options. During your stay, you will live with a host family who will be a big part of your everyday life. In your sparetime you will be able to explore the Argentinian culture: try the traditional barbecue called "asado", drink "mate" with your friends, join the excitement of watching a football game with the locals, get a lesson in tango, and enjoy the beautiful views of the natural surroundings. Throughout the program you will meet people from all over the world, create friendships and get immersed on the Argentinian culture while making an impact on our society by volunteering at an NGO.

### • BUT WHY VOLUNTEERING WITH YFU? •

At YFU, we offer an array of extraordinary opportunities that enable you to make a profound impact in the world, while simultaneously transforming your own perspective and experiences. Our programs cover a diverse spectrum, including environmental conservation, combating malnutrition, fostering social development, nurturing child care, and celebrating diverse cultures. These programs are designed to ignite your passion, unlock your potential, and leave a lasting legacy in the communities you serve.
